

HELP FIND ACHILLES THE DOG

DECEMBER 24, 2015

On 10/14/15 Achilles owners were in a car accident on SR120 one-half mile west of road In2, between Tioga Pass and Highway 395. Achilles remains missing and needs your help to be found. He was last seen on December 4, 2015 at about 4PM, when he crossed SR120 near Warren Fork Creek and ascended the slope north of the road. He has not been seen since.

Achilles is a neutered male blonde Lab mix with a white belly and white feet. His nose is usually pink, but it sometimes changes to black. He normally weighs about 60 lbs. He was not wearing a collar when the accident occurred. Achilles is micro-chipped.
